EZRA VOGEL SPECIAL SKILLS SCHOOL

January 14, 2009

Dear the people of The School of Miraizu,

I myself and on behalf of the students of the Ezra Vogel Special Skills School and the Rainbow School in Ratanakiri province in Cambodia, would like to express our thanks for your donation of USD 486 (JPY44,310) to the schools.

We really appreciate your effort to raise this fund and generosity. We have used it to purchase two laser printers and other useful materials for the schools.

The students are very happy to have their first printer at their schools.

Please find the enclosed Christmas card with the students' message to the School of Miraizu and some other pictures of the school.

Again thank you for your generosity and warm support.

Sincerely yours,

The Ezra Vogel Schools Principal
